

The background of the entire image is a dark, textured surface, likely a locker door, featuring a repeating pattern of diagonal red and black stripes. The stripes are of varying lengths and are slightly offset from each other, creating a sense of depth and movement. The overall color palette is dark, with the red stripes providing a strong contrast.

ATHLETIC COLLECTION

ABOUT HOLLMAN

Hollman is built on a commitment to quality, innovation, and a standard of excellence for every client. For 50 years, we have led the industry as the world's largest manufacturer of lockers, producing over 20 million lockers across professional, collegiate, and commercial environments.

Our products are designed for durability, precision craftsmanship, and long-term reliability, trusted by organizations that expect the highest standards. From NFL, NBA, MLB, NHL, and MLS teams to leading universities, fitness facilities, and corporate spaces, Hollman creates environments that support preparation, organization, and consistent performance.

END-TO-END EXPERTISE

Hollman delivers a fully integrated approach from concept through completion and beyond. Our in-house engineering team works closely with clients to design solutions that meet the specific demands of each space, ensuring every detail is considered from the start.

With manufacturing and project management managed internally, we maintain control at every stage, delivering consistency, efficiency, and quality across every project. We partner closely with Hollman Certified Installers and trusted project teams to ensure seamless execution in the field.

Our commitment extends well beyond installation. Dedicated aftermarket support, backed by comprehensive warranty programs, ensures long-term performance, durability, and a partner you can rely on for years to come.

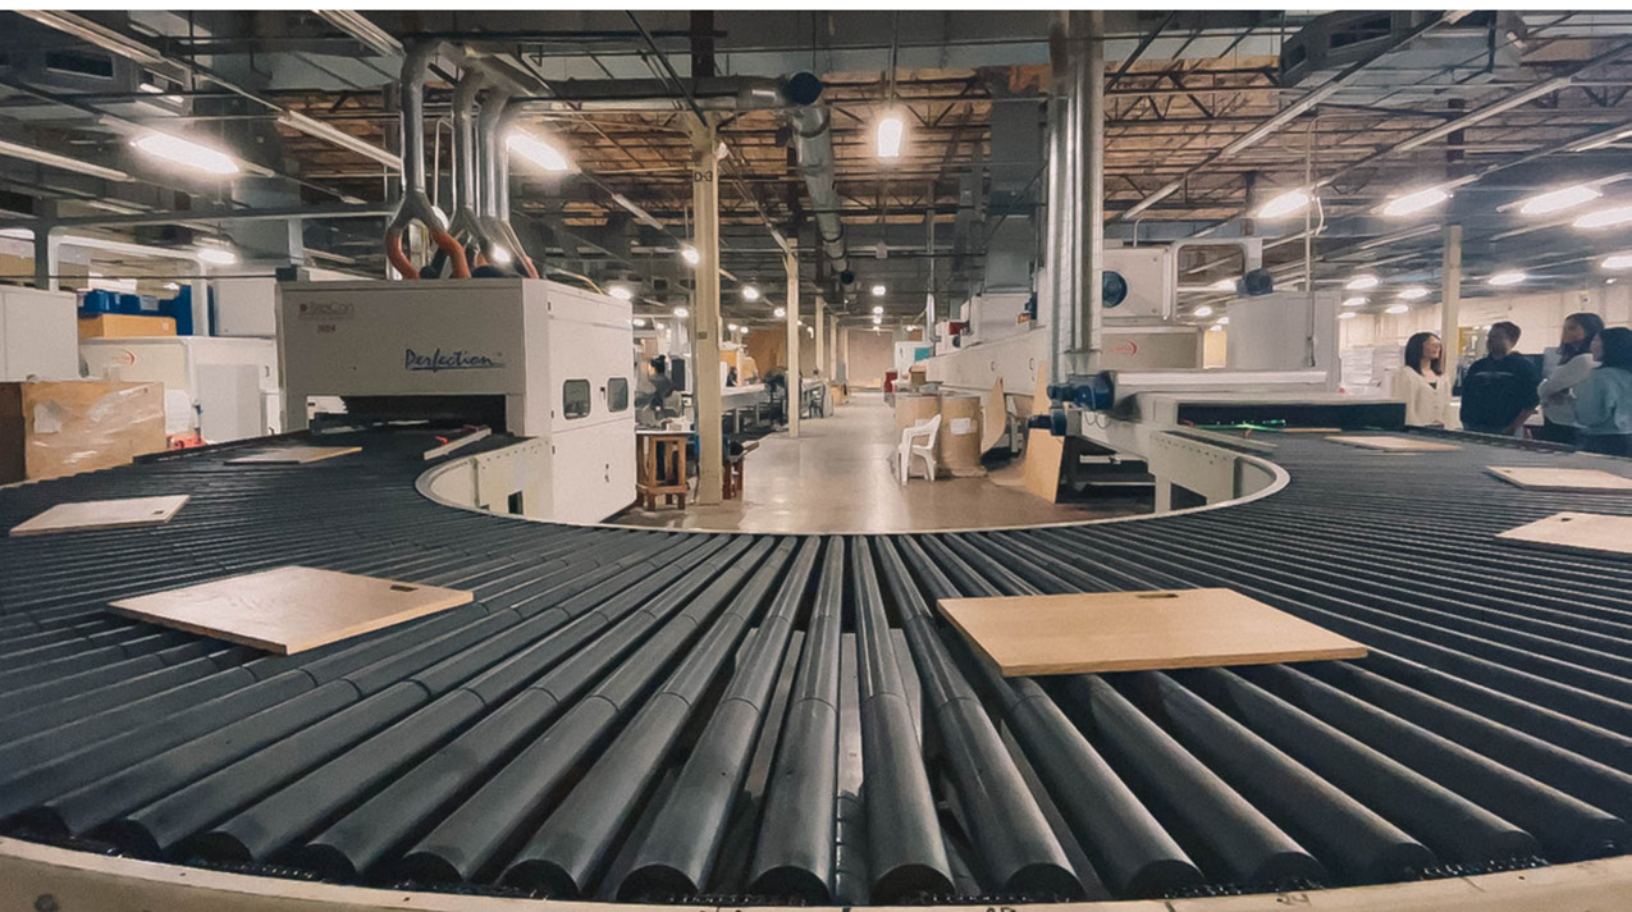

HOLLMAN

MANUFACTURING CAPABILITIES

Our 350,000 sq ft facility in Irving, TX houses three on-site manufacturing units supported by advanced smart manufacturing technology. From warehouse operations and assembly to finishing and woodworking, every step is managed in-house to ensure consistency, quality, and control.

An integrated inventory and logistics system supports automated storage, efficient fulfillment, and real-time project tracking. Backed by AWI Premium Certification and rigorous third-party audits, our process is built to deliver precision, reliability, and reduced lead times.

ENVIRONMENTAL STEWARDSHIP

Hollman is committed to continuous improvement across our manufacturing operations, with a focus on reducing environmental impact. Through responsible material usage, energy efficiency, and waste reduction, we are actively lowering emissions and conserving resources.

This commitment is embedded in how we operate every day, ensuring smarter production and more sustainable outcomes.

LOCKER ANATOMY

THEFT-DETERRENT DOORS

At Hollman, security is a priority. Our overlaid doors are designed to provide a clean, modern look while enhancing security and reducing material waste.

EASY IDENTIFICATION

Clear, durable nameplates improve locker room locker room organization and efficiency, helping reduce confusion and misplaced belongings.

DURABLE INTERIORS

Melamine interiors are built to withstand daily wear while maintaining a clean, refined appearance. The smooth, non-porous surface is easy to maintain and supports a more hygienic team environment.

MODERN DESIGN

Soft-close hinges are concealed for a clean aesthetic and operate quietly. This design helps protect the locker from wear while enhancing the overall look.

OPTIMIZED SPACE

Optional hardware enhances storage capacity, with hooks and rods providing convenient solutions for hanging items and maximizing interior space.

DIVERSE MATERIALS

A wide range of finishes is available to support your design vision. FSC-certified material options ensure responsible sourcing without compromising quality or performance.
