HOLLMAN

111023

"Hollman began capitalizing on the new demand for lockers that could take an athletic beating while looking fabulous. Two decades later, Hollman controls 70% of the "nonmetal" portion of this billion-dollar locker market"

-FASTCOMPANY MAGAZINE

"Hollman's sheer drive to go above and beyond to make his company the best it could possibly be at the beginning has essentially become the foundation of the way the company operates today— no locker will be deemed complete unless it is the most innovative, functional and unique locker that can possibly be created."

-AOL FINANCE

"Some of the biggest companies that care so much about aesthetics and brand equity swear by them. But the unavoidable fact is they're a part of everyday life."

HOLLMAN

LOCKERS

Hollman is steadfast in our commitment to quality, innovation, and a standard of excellence for every client. Our mission is to provide premium services to the client while positively impacting the industry by maintaining our world-class locker manufacturing operations.

Hollman is dedicated to creating personal storage solutions for every space since 1976. As the world's largest and premier manufacturer of lockers, Hollman's designs are built to maintain durability without sacrificing the look and feel of premium craftsmanship.

We have manufactured more than ten million lockers for high-profile organizations, collegiate and professional teams, including the NFL, NBA, MLB, NHL, MLS, major American golf courses, corporate workspaces, country clubs, fitness studios, college campuses, museums, and hospitals.

ENVIRONMENTAL STEWARDSHIP

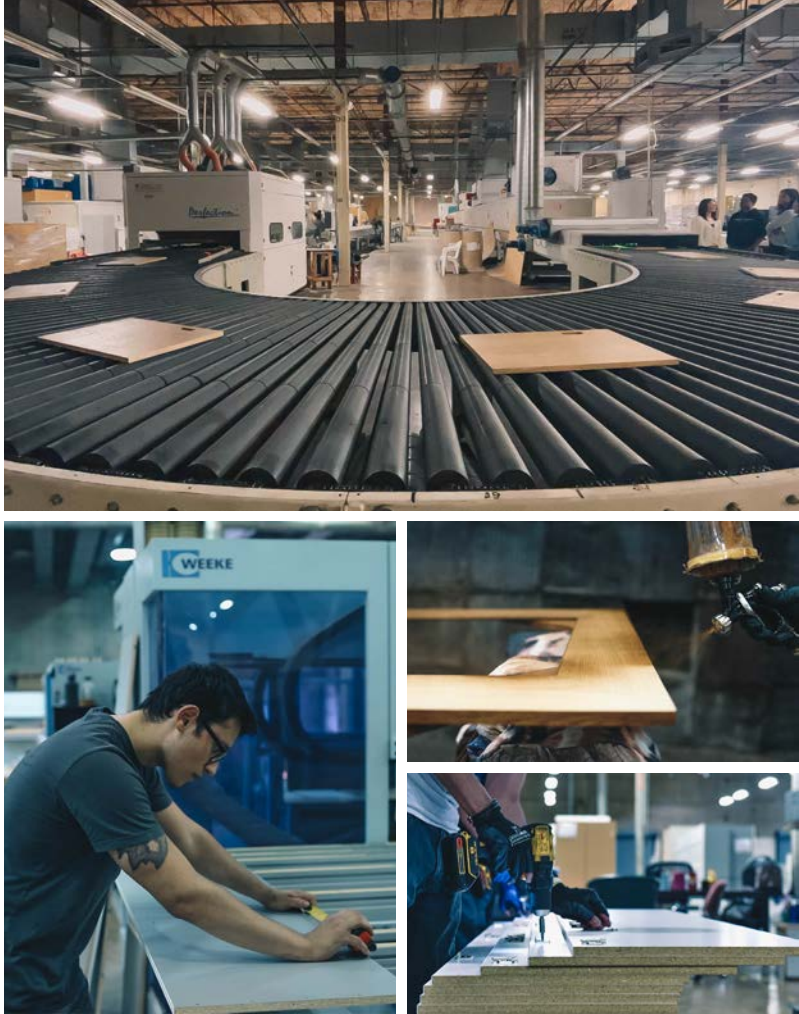

Hollman Inc. is committed to producing measurable improvements into the future within its manufacturing operations with regards to environmental concerns. We foster a culture of continuous improvement as we reduce our energy use, water use, waste disposal and emissions through operational efficiency and reduced resource use.

AFTER MARKET

Supporting our customers doesn't end when the lockers are installed. Our after-market and customer service team is dedicated to providing our customers with prompt, streamlined communication and easy parts re-ordering.

FINANCIAL SERVICES

Hollman has partnered with United Leasing & Finance to offer easy-to-use financing to cover your entire project. With no payments for 90 days and the ability to finance 100% of your project, building your locker room is just a preapproval away.

LOCKER DETAILS

When it comes to industry standards, we go further. Hollman has engineered materials, fixtures and hardware that allow us to offer premium, durable storage solutions customized to your space.

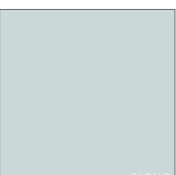

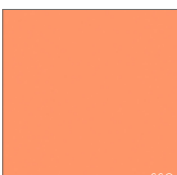

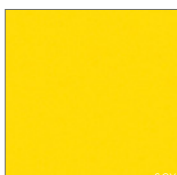

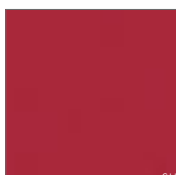

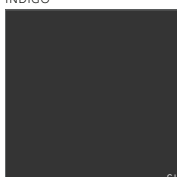

LAMINATE

Our laminate lockers expertly blend form and function, so you get superior craftsmanship with trending colors and surfaces that convey quality. Smooth laminate finishes add a clean, modern look, while our realistic wood textures offer the natural elegance of wood with laminate benefits.

SMOOTH | STANDARD

DESIGNER WHITE  SDW	DESIGNER WHITE HIGH GLOSS  SDWHG	LINEN  SL	FROSTY WHITE  SFW	EARTH  SE

MODEL LD1* MODEL LE1* MODEL LHE1* MODEL LF1* MODEL LZ1

*Select locker models are available for optional USB ports. Contact your sales representative for more information.
Locker models are available to meet ADA compliance. Contact your sales representative for more information.

NANOLAM

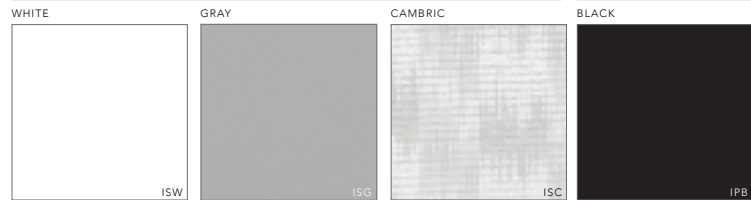

NanoLam is the latest micro-technology lamination, offering antimicrobial surfaces with maximum performance and style. The super-opaque surface has a velvet, soft-to-the-touch finish and resists fingerprints, smudges, scratches, mold, and bacteria. NanoLam has an intrinsic thermal healing process that makes small abrasions easy to remove with a magic eraser or heated iron. Finishes come in a range of colors with matching edge banding.

At Hollman, we specialize in customer personalization and want to make your ideas come to life. While this curated group of swatches represent the most popular nanolam colors, you can use any swatch from any manufacturer to suit your needs. Contact your sales representative for details.

PHENOLIC

Phenolic lockers are designed and built to withstand moist environments, heavy use and tough conditions. The waterproof and moisture repellent qualities of phenolic material make it the ideal choice for wet and humid settings, such as those found in pool houses and spas. We offer a variety of finishes with added benefits. All phenolic lockers come with hidden hinges that provide a clean, modern look and are a smart choice when you want lasting quality.

GLASS

For a polished, modern aesthetic, glass lockers are the way to go. Ours can be back-painted to match any Pantone color you specify, creating any mood imaginable and integrating visually with any existing design. Glass lockers are surprisingly durable and perfect for high-use areas that get an above-average amount of moisture. Our glass is tempered and a quarter of an inch thick, adding a luxurious look and feel that's perfect for contemporary spaces.
