HOLLMAN

NANOLAM

A PERFECT BLEND OF
FUNCTION AND FORM,
STYLE AND DESIGN.

NanoLam is the latest micro technology lamination, offering maximum performance and style. The super-opaque surface has a velvet, soft-to-the-touch finish and resists fingerprints, smudges, scratches, mold, and bacteria.

NanoLam has an intrinsic thermal healing process that makes small abrasions easy to remove with a magic eraser or heated iron. Finishes come in a range of colors with matching edge banding.

Highly resistant to scratches, abrasion, rubbing and dry heat. Withstands impacts, acid-based solvents and household agents.

Liquid repellent and mold-proof. NanoLam is anti-microbial, making its surface hygienic and easy to clean. This material reduces the incidence of staph bacteria by 99.79%.

Velvety soft to the touch, the super-opaque matte nanotech surface is a perfect blend of elegance and style.

Innovative properties combine to enable the healing and removal of micro-scratches through the use of heat or a magic eraser.
